Department of Master of Computer Applications

20MCA 36 - Minor Project - Phase II Review

Resources Website for RVCE

Under the Guidance

Mohan Pujari (1RV20MC052) Ashish Bisht (1RV20MC012) Dr.Divya T L

Assistant Professor RV College of Engineering, Bangalore,560059

Agenda

- Incorporation of Suggestions of previous review
- Objectives
- Functional Requirements (Modules description)
- Non-functional Requirements (Relevant to the project)
- Architectural Design
- Modules identified
- System Design
- Implementation

Objectives

- Collecting the Resources
- Creation of web application
- •Providing the resources to the web application.

Functional Requirements

Module Specification

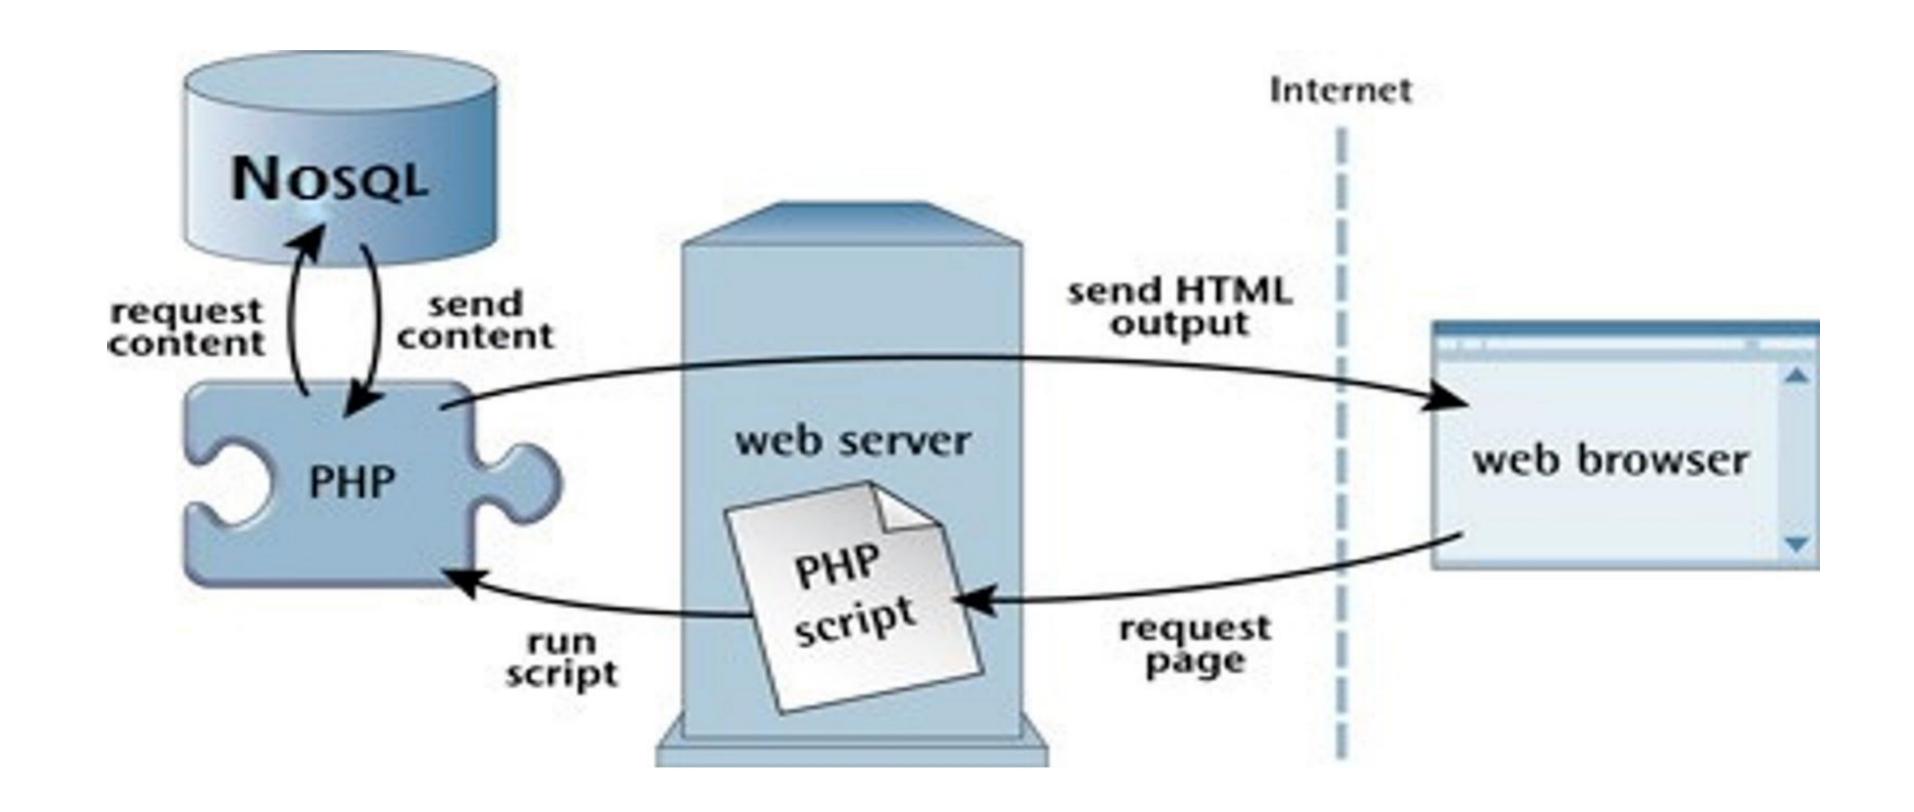

Frontend Module

- Input Interface for downloading resources
- Process Fetching the file from Database to the download module
- Output Displaying the downloaded file to the Student.

RV College of Engineering Non Functional Requirements

Describe Non-functional requirements such as performance requirements, safety, security etc

Architectural Design

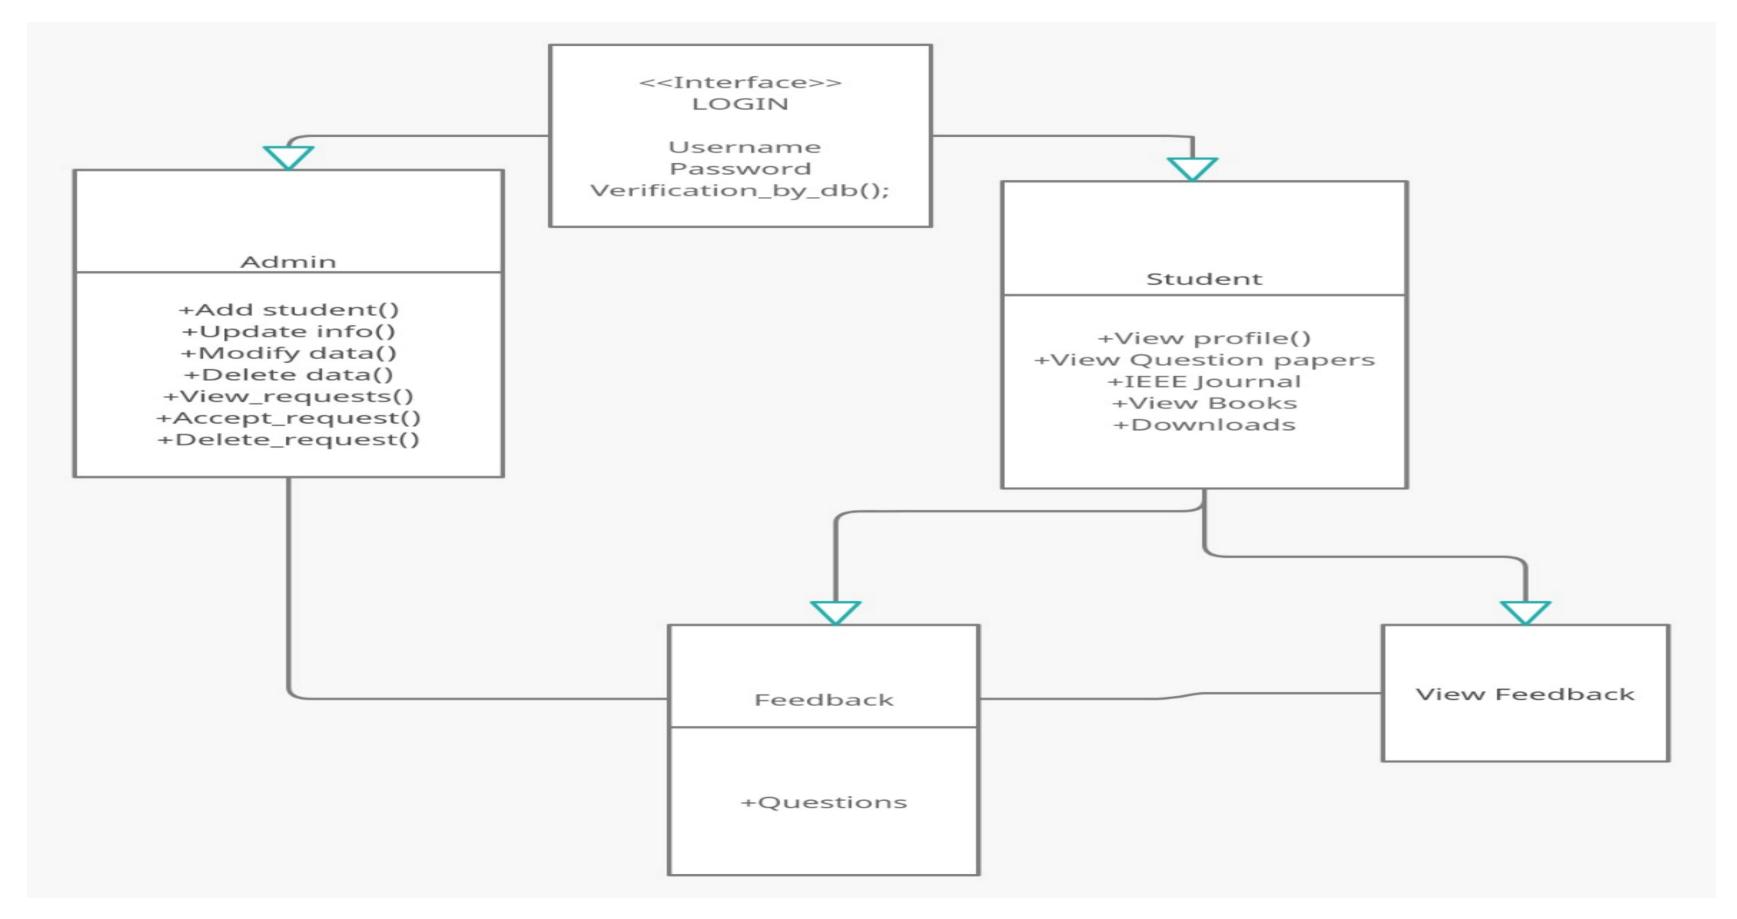

Data/ Module Definition

- Data definition/Dictionary
- Module specification / Assumptions made

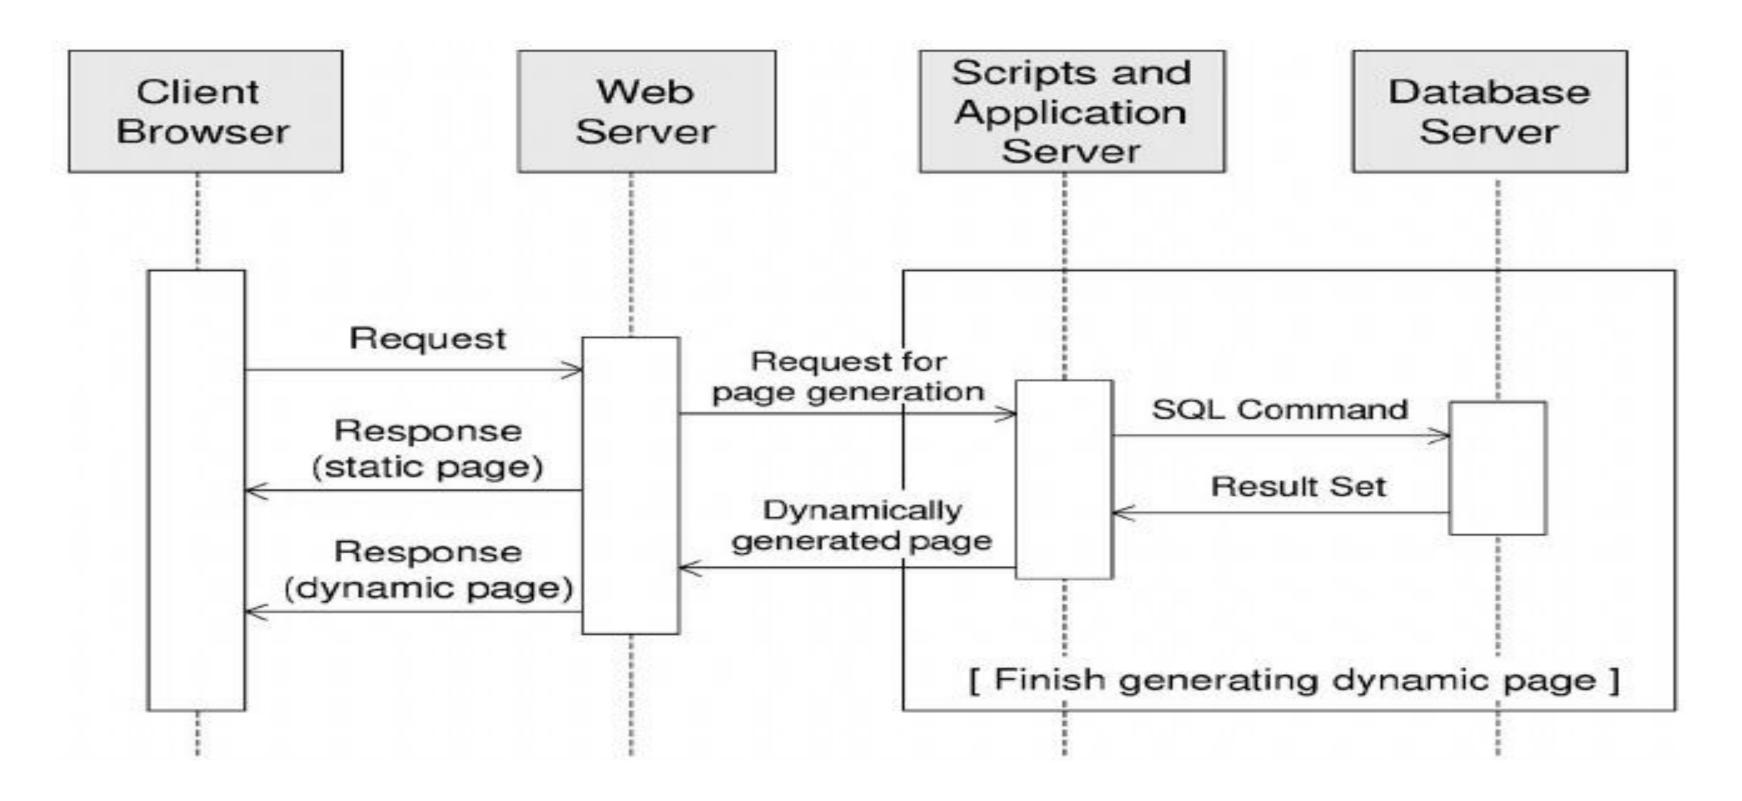

System Design

UML diagram

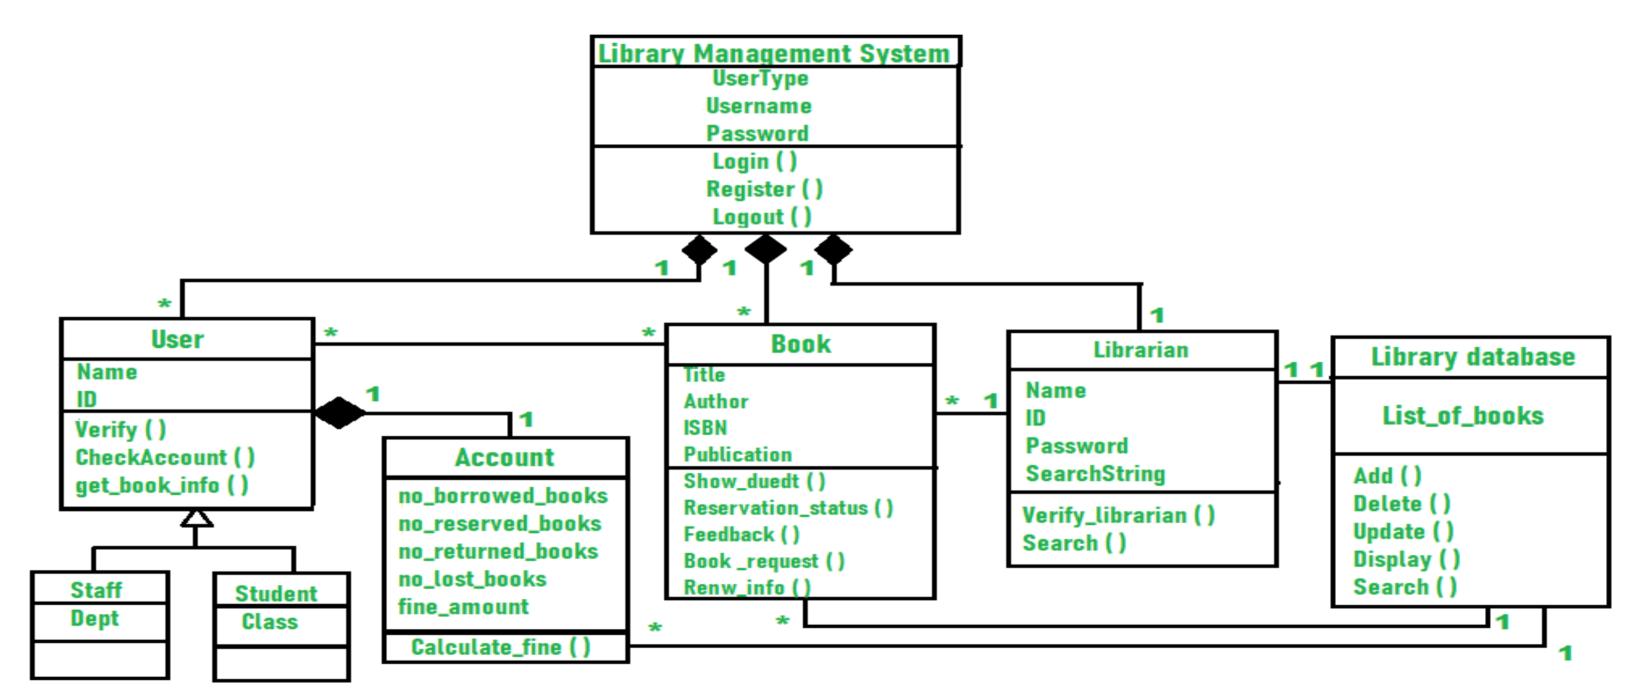

Functional Modeling

Data flow diagram

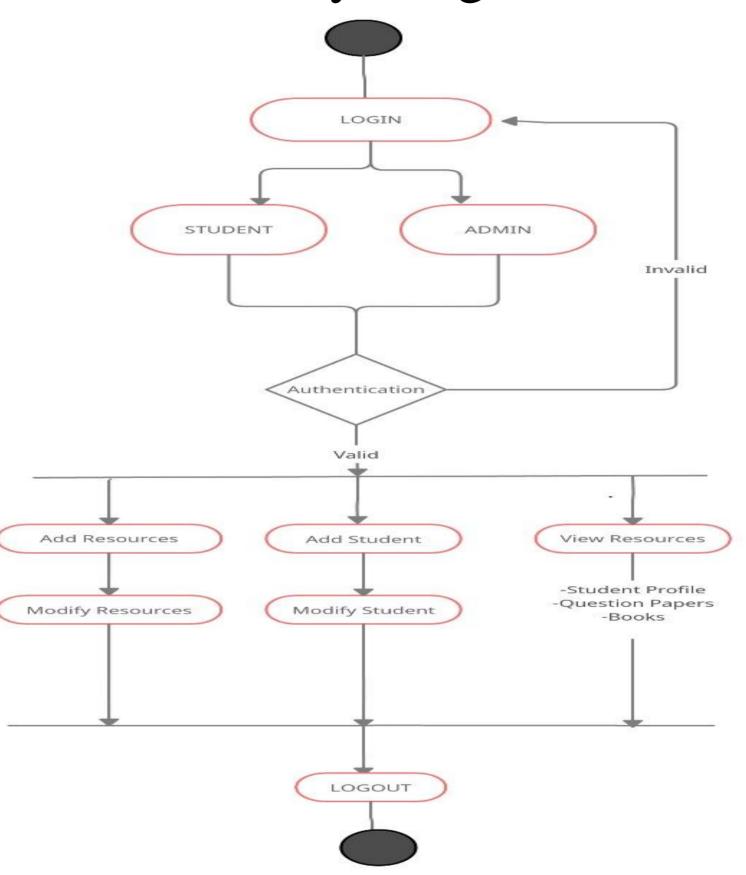

Use case Diagram

CLASS DIAGRAM FOR LIBRARY MANAGEMENT SYSTEM

Activity Diagram

Implementation

- Resources has been collected.
- A Graphical User Interface has been created for user.
- Database has been connected to user interface.
